

You are invited to a **Presentation** by **Jo Teasdale** **My Adopted Family**

Wednesday, 24 March 2021
7.45pm for 8.00pm until 10.00pm

Horsham Photographic Society has secured an online speaker, Jo Teasdale, and we would like to share this Zoom talk with you

Jo Teasdale comes from a Fine Art background and has worked in the arts for many years. Since moving to Brighton she took up photography and hasn't looked back. Having won Landscape Photographer of the Year -Take a View - 2013, she has gone on to win various competitions, been published in books and has had work shown at exhibitions.

Jo is an eclectic photographer who celebrates the reality of life through documentary and street photography. In her project work she shows a slower more conceptual approach emanating from her fine art background. Her work is an artistic form of self-expression; poignant and edgy, often unveiling elements of our human nature. 'My Adopted Family' is her latest major body of work, since being awarded her Fellowship from the Royal Photographic Society in 2016 for her portfolio entitled 'The Factory'.

A project that explores the concepts of memories, inheritance and identity, "My Adopted Family" is a meditative and tactile series created with cherished personal objects collected over time. Now catalogued, these objects have become an extension of her, literally and metaphysically.

The cost of this presentation is £3.

If you wish to attend this Zoom session, please pay by bank transfer, details below, and email chairmanhorsham@gmail.com He will send you the necessary Zoom links a few days prior to the meeting.
