

LOOKING BEYOND A SINGLE IMAGE

A Talk by Vanda Ralevska

15 April 2026 8pm - 10pm

Venue: The Salvation Army,
Booth Way, Horsham, RH13 5PZ

Vanda is passionate about capturing the world we live in, always searching for those fleeting moments of magic that transform it into something extraordinary.

We all evolve along our photographic experience. We shift our focus to different subjects, techniques and equipment. For Vanda, the biggest change was moving away from single images to bodies of work. This allows her to go deeper into the subject, theme, location or idea, rather than just get lucky shots here and there.

In her presentation, Vanda will focus on her progress from capturing single images, through creating collections and series, to working on short and long-term projects. She will explore how working on projects helps you get out of a creative block and find your own personal vision. She will

discuss several of her ongoing and completed photographic ventures, how they keep her motivated and how they help her develop an individual and personal point of view. She will demonstrate how a project-based approach, and looking beyond a single image, can lead to developing new, exciting ideas that can breathe fresh air into your photography.
